WELCOME TO DOUGLAS COURT

Douglas Court Care Home provides affordable residential, dementia and respite care in Derby. Our welcoming and compassionate team provide person-centred care, tailored around each individual and their own unique needs and preferences.

Residents can find their perfect mix of social interaction in our comfortable communal areas or privacy in spacious ensuite bedrooms. Two separate restaurant-style dining rooms provide space for both formal and casual dining styles, and our catering team take great pride in preparing a great choice of high-quality fresh food for residents to enjoy.

LIFE AT DOUGLAS COURT

We host a varied and engaging programme of activities and events, designed to enhance residents' physical, mental, and spiritual well-being. From creative pursuits such as painting, baking and gardening, to regular visits from local performers and entertainers and local outings, our activities are curated to inspire and engage. Residents living with dementia are supported with sensory areas, reminiscence activities, and memory boxes to encourage a sense of peace and belonging.

Our lifestyle facilities throughout the home include a hair salon for a little pampering. Residents can also take some fresh air in our sensory garden with aviary and patio seating. Those residents who are green-fingered may enjoy helping to tend the garden themselves, while others simply sit back and enjoy the results.

Douglas Court is a home away from home, and our caring and experienced team is passionate about providing everything needed to live a fulfilled and meaningful life.
